# Alexandria Gazette

WEDNESDAY EVENING, MARCH 10.

Deferred Items.

The New Jersey Senate yetterday passed the local option bill. An active volcano is reported near Brown's Park, W. T.

It has been proposed to convert the present City Spring grounds and adjacent property on Ualvert, Saratoga and Courtland streets, Baltimore, into a public park.

Placards are secretly posted in San Francisco warning employers of Chinese to desist or expect terrible consequences. Many are signed 'Council of Thirteen."

Heory F. Schamett, a planter of Pais Christian, Miss., says that, in view of the pegro (xodus and the disturbed condition of things in California, the planters in his section think of obtaining Chinesa laborers. Correspondence has already been had, and some Chinamen will he set to work in Southern Mississippi in a few wecks.

Another step was taken in the U. S. Circuit Court at Baltimore on Monday as to the regular pleadings in the case of D. K. Stewart vs. the C. & O. Canal Cc. in the filing by plaintiff's counsel of three general replications, all of the same tenor, to the answers of the capal company, President A. P. Gorman and the trusters. They are drawn up in the usual legal form.

## ALEXANDRIA GAZETTE FOR 1880

The Alexandria Gazette, begun in 1790, is the oldest newspaper in Virginia, and it has survived, with few exceptions, all the public presses in America which saw with it the dawn of the nineteenth century. It lives, too, not in decay or decrepit, but full of life and youthful vigor, giving all the news, telling the truth without fear, favor or affection, trenching on the privacy of no man's home, but full to the brim with all public information, and giving daily honest udgments of public men and public measures.

It furnishes the news telegrams of the New York Associated Press and of Reuter's European agency, being, with tut two exceptions, the only paper between Baltimore and Richmond that is thus connected with the great fountains of the world's news.

With the coming year all the long tried and improved methods of making a standard newspaper will be continued, with such additional facilities as past experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render faithful service to the city, the state and the country by a candid criticism of men and events in the interest of the people of the Common wealth of Virginia.

The year 1880 will be a period of critical interest in both the Union and the Commonwealth. The election of the eighteenth President of the United States will take place, with all the combinations precedent, and counts; consequences and settlements subsequent, will call for record in the coming volume. The developments of the financial situation, which may portend affluence and comfort or poverty and privation to thousands, are now in progress, and the columns of the Gazatte will note each step as well as chronicle the result. A new and striking foreign policy is among likely events, and the absorbing interest of it cannot be overestimated. In Virginia there is political chaes and industrial and commercial depression. The way out of this quagmire will fill many of those paragraphs with information of rare interest.

To most all the demands upon it in an exceptional year, the Gazette will be made a WASH. INGTON and RICHMOND NEWSPAPER, as well as an ALEXANDRIA JOURNAL. The Richmond and Washington news of the past year has left little to improve, but yet greater effort will be made to insure absolute perfection in these departments.

The city of Alexandria will find as usual its daily history in each evening's issue, and the intelligence of that section of the Commonwealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers as well as that portion linked to us by the iron bands of railways, will be assiduously chronicled.

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking care as will render an error, where even slight errors are dangerous, impossible.

The Cattle Markets of all the leading points of the world whose rates affect this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sales of cattle will appear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandria and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given to all stocks, &c , which find investors in this section of the country.

The advertising columns of the Gazette offer inducements which experience has shown to afford greater returns for a small investment than any other which can be made.

## TERMS OF SUBSCRIPTION.

The beginning of the New Year, which in this case marks the advent of another decade of the world's progress, is deemed a fit time for new features, so that from this date the Gazette for the country (tri-weekly) will be supplied at FOUR DOLLARS per annum, in advance.
